ABOUT PRUDENCE

Prudence Group of Schools are English medium, co-educational Schools affiliated to Central Board of Secondary Education (CBSE). It has within a very short period of time established as one of the most prestigious upcoming schools in Delhi and NCR.

Prudence aims at providing developmentally appropriate programmes to encourage not just learning but also the love of learning. The entire establishment works with the sole objective of providing wholesome education to every child by incorporating the best possible physical, intellectual, moral, spiritual and cultural learning.

It provides an environment that is safe, clean, healthy and child oriented. Our schools are nurturing places where everyone - teachers, students, management and also the parents feel equally responsible to grow together as a team and attain greater heights. Here each of the team members feel supported, cared for and respected. We believe a coordinated effort is needed among the students, teachers, parents and the management to ensure we get all positive outcomes.

The students studying in our schools, live and experience the best days of their lives because here we make their schooling days the happiest and the most memorable. Students are continually encouraged to develop concern and respect for the environment, appreciate diverse communities, different convictions, different beliefs. Traditional and modern values are respected and encouraged to coexist and thus they evolve to become global citizens.

There may be various reasons why a School resides at the top position under the list of top schools in Delhi NCR. Well, for Prudence to be in the hearts of the students and parents is reason enough, to be at the TOP!

OUR CURRICULUM METHODOLOGY

EXPERIENTIAL LEARNING

DEEPER UNDERSTANDING

Ensures deeper understanding of the concept by letting children learn by doing

JOY OF LEARNING

Kindles a life long interest in a subject as the child discovers the joy of learning

LIFELONG KNOWLEDGE

Allow children to learn concepts by applying their minds, so that concepts are well understood and retained for life

PERFORMANCE IN EXAMS

Helps students perform well in competitive examinations, which are application-based

CHAIRMAN'S MESSAGE

Dear Parent,

We at PRUDENCE are pioneering a New Paradigm of Excellence in Education through a learner-centred educational system aimed at awakening and fostering the latent capacity of each student. It provides to all its students the best possible physical, intellectual, social emotional and cultural learning in order that each student may realize his or her potential.

Prudence School is dedicated to the objective of honing and nurturing each student to attain overall excellence through a well crafted program which encourages inquiry, innovation and creativity.

Academics is our core mission at PRUDENCE. Our ethos of academic and co-curricular Excellence will prepare and motivate our young students for life as they undertake their journey of personal growth and meaningful learning with us.

Further, our effort is to inculcate in each child core values - respect, responsibility, integrity, honesty and fair play. We must work in collaboration to find their inner strengths and aptitudes by observing our children, meeting their needs, encouraging them to develop healthy self-esteem and develop the confidence and resilience to confront a challenge. A strong sense of self-worth and self-belief are perhaps the best gift we can give to our children.

We strongly believe that as a parent, you are the first teacher in the life of your child. Hence your support, participation and involvement in your child's progress is of utmost importance to us. Our combined endeavour and continued cooperation are essential elements to

develop the potential of our children and transform them into dynamic individuals.
